

2007-2008 Key Results

Elections Committee

1. Monitor and increase the voter participation for the 2008 General AAPA election by improving the electronic voting process.
2. Monitor AAPA's current elections process and analyze and make recommendations for possible options to improve the participation and outcomes of that elections process.
3. Update and keep current the election Web site to promote awareness and communication of the election process.
4. Further investigate the cost and feasibility of audiovisual technologies to enhance the voting experience on the election Web site.
5. Explore the possibility of moving the election dates to include the annual conference.
6. Review campaign finance disclosure information procedures.
