Speaker of the House of Delegates and AAPA Vice President

DATE: April 13, 2023

RE: 2023-2024 HOD Delegate Apportionment

Article VI, Section 2 of AAPA’s bylaws outlines the composition of the House of Delegates, and specifically the allocation of seats in the House for chapters, caucuses, specialty organizations and students. As noted in the bylaw, apportionment for each leadership year (July 1st to June 30th) is determined by the number of AAPA fellow members in a chapter as of January 31st prior to that leadership year.

Each chapter has a minimum of two (2) delegates regardless of its size. When the number of fellow members within a chapter’s jurisdiction exceeds 220, it will be apportioned a third delegate. An additional delegate will be apportioned for every additional 300 members.

Student delegates are apportioned at a straight ratio of 1:850. Specialty organizations (SOs) and Caucuses each have one delegate per organization. The immediate past and current house officers are considered “delegates at large” and comprise the remainder of the HOD.

Please reference the attached information which reflects the number of delegates your organization is apportioned for the 2023-2024 leadership year, to include the House of Delegates meeting in Houston, TX from Friday, May 17 through Sunday, May 19, 2024. All delegates for the 2023-24 leadership year will take office July 1, 2023 and continue their term until June 30, 2024.

Please submit the names of your organization’s 2023-24 delegates **by July 1, 2023 or as soon as possible**. This allows AAPA to ensure the elected delegates for the current leadership year are kept informed of critical and pertinent information throughout the year and are prepared to conduct business should the need arise.

Please do not hesitate to contact [Tom Shoemaker](#) or the [House Officers](#) if you have any questions.
