

THE FUTURE OF  
POSTGRADUATE  
EDUCATION  
AND  
FELLOWSHIPS:  
ADAPTING TO  
CHANGING  
HEALTHCARE  
LANDSCAPES

## OBJECTIVES

1. Identify emerging trends and innovations in postgraduate fellowship education.
2. Describe the role of interprofessional education in enhancing fellowship training.
3. Analyze the impact of evolving healthcare demands on the structure and content of fellowship programs.
4. Develop strategies for integrating leadership training into fellowship curricula to prepare fellows for advanced roles in healthcare.
5. Discuss how technology and experiential learning are reshaping postgraduate education in the health professions.

## PANELISTS

- Bradley Goetl
- Whitney Lerch
- Katie DeLucia
- Zachary Baeseman
