

## A Case-Based Review of Recent Impactful Literature

Annie Wildermuth, MMS, PA-C, EM CAQ, RD  
Associate Program Director & Assistant Professor  
University of Nebraska Medical Center  
annie.wildermuth@unmc.edu

### Topics:

- HEART Score for chest pain evaluation<sup>1,2,3,4</sup>
- Sub-threshold aerobic exercise for adolescents with sports-related concussion<sup>5,6</sup>
- Injury patterns with electric scooter use<sup>7</sup>
- Bag-Mask Ventilation during tracheal intubation<sup>8</sup>
- Evaluation of febrile infants  $\leq 60$  days old<sup>9,10</sup>
- Management of non-dehydrated children with vomiting & diarrhea<sup>11</sup>
- Point-of-care ultrasound for ocular complaints<sup>12</sup>
- Point-of-care ultrasound utilization for lumbar punctures<sup>13</sup>
- Use of Google Translate to translate free-texted emergency department discharge instructions<sup>14</sup>
