What is a PA?

PAs (physician associates/physician assistants) are licensed clinicians who practice medicine in every specialty and setting. Trusted, rigorously educated and trained healthcare professionals, PAs are dedicated to expanding access to care and transforming health and wellness through patient-centered, team-based medical practice.

AT A GLANCE

- PA profession established in 1967
- Approximately 150,000 PAs in the U.S. (NCCPA, 2022)
- PAs have more than 400 million patient interactions per year (NCPA, 2022)

EDUCATION BY THE NUMBERS

- 287 PA Programs in the U.S. (The Accreditation Review Commission on Education for the Physician Assistant (ARC-PA), 2021)
- 2,000 hours of clinical rotations
- Programs are 27 months or 3 academic years (bachelor’s degree is required for acceptance)
- Educated at master’s degree level

To obtain a license, PAs must:

- Graduate from an accredited PA program
- Pass a certification exam

To maintain their certification, PAs must complete:

- 100 hours of continuing medical education (CME after every two years)
- A recertification exam every 10 years
