Research

1. Completed my dissemination for my Doctorate of Health Science (DHSc) degree. This dissemination titled, “What Makes a Successful PA Candidate? Perception of PA Faculty” was graded and accepted in May 2016. This dissemination examined perceptions of PA program admission processes of over 400 participants (PA Faculty) from multiple PA programs over the United States. Submitted this research in a peer-reviewed medical journal (Journal of Physician Assistant Education-JPAE) on July 1st, 2016.
2. Co-Principal Investigator on Research Study “An Exercise Program Comparing High-Intensity Interval Exercise Training to Moderate-Intensity Continuous Exercise Training on the Metabolic and Inflammatory Profile in Prediabetes Patients. Starting Fall 2018 thru 2019.
