#### **Guidelines for PAs Working Internationally**

1. PAs should establish and maintain the appropriate physician-PA team.
2. PAs should accurately represent their skills, training, professional credentials, identity, or service both directly and indirectly.
3. PAs should provide only those services for which they are qualified via their education and/or experiences, and in accordance with all pertinent legal and regulatory processes.
4. PAs should respect the culture, values, beliefs, and expectations of the patients, local health care providers, and the local health care systems.
5. PAs should be aware of the role of the traditional healer and support a patient's decision to utilize such care.
6. PAs should take responsibility for being familiar with, and adhering to the customs, laws, and regulations of the country where they will be providing services.
7. When applicable, PAs should identify and train local personnel who can assume the role of providing care and continuing the education process.
8. PA students require the same supervision abroad as they do domestically.
9. PAs should provide the best standards of care and strive to maintain quality abroad.
10. Sustainable programs that integrate local providers and supplies should be the goal.
11. PAs should assign medical tasks to nonmedical volunteers only when they have the competency and supervision needed for the tasks for which they are assigned.
