

## 2018 AOR Resolutions

### **2018-01: Passed**

The Student Academy resolves to raise awareness in PA students about the importance of screening pediatric patients, especially teenagers, for depression.

### **2018-02: Passed**

The Student Academy resolves to seek opportunities to promote interprofessional collaboration with health profession student organizations to increase diversity in our respective organizations.

### **2018-03: Passed**

The Student Academy resolves to advocate for the advancement for the PA profession by creating Optimal Team Practice (OTP) education material specifically aimed to educate students.

### **2018-04: Passed**

The Student Academy resolves to transition the "Diversity Representative" position for an optional position to a strongly recommended position in each Student Society.

### **2018-05: Passed**

The Student Academy resolves to raise awareness about the increasing need of clinical preceptors.

### **2018-06: Passed**

The Student Academy resolves to put together a task force to research the primary care shortage and incentives for PAs to go into primary care and disseminate the information students.

### **2018-07: Passed**

The Student Academy resolves to create standardized educational materials for AOR reps to facilitate a more fundamental understanding of the HOD.

### **2018-08: Passed**

The Student Academy resolves to increase attendance at AOR orientation and facilitate information sharing regarding the AOR and Board of Directors candidates.
